

Technical Exhibit 18

Javits-Wagner-O'Day Contracts

The purpose of this exhibit is to provide prospective Service Providers insight into the scope and complexity of this mission.

This Technical Exhibit lists Javits-Wagner-O'Day (JWOD) contracts in USACE. The JWOD Program creates jobs and training opportunities for people who are blind or who have other severe disabilities. Its primary means of doing so is by requiring Government agencies to purchase selected products and services from nonprofit agencies employing such individuals. JWOD contracts will not be included as part of the solicitation. They have been listed for offerors to be aware that those particular areas will not be covered under this competition. JWOD contracts will be administered by the Continuing Government Organization.

This data was collected in late 2004. It is not all-inclusive and may not precisely represent the situation at the time of the advertisement of the solicitation.
